Who's the boss? "La Jefa" means business and her name says that SHE's the BOSS. A perfect complement to her partner El Jefe, La Jefa TR offers a large climbing wall leading to two seriously high jump stations. Alternatively, users may opt to drop into a gripping slide with extra-long runout. Thrill-seekers gather like moths to a flame. Integrated Trickler Pocket enables optional slide irrigation. Built in 4 segments for easier handling. Connects in up to 3 places using Interlock 5-Ring connections. *Note: Tower Trickler Kit sold separately, strongly recommended.

Mooring Diagram

* We recommend using Aquaglide mooring lines and weight recommendations as a starting point. It is the responsibility of the owner/ operator to consider the needs of their specific site, to monitor aquapark items, and to make adjustments as necessary. Some circumstances may require additional weight or different types of mooring.
